We are thankful and appreciate our students who come to Stanton every day ready to learn. They provide us all with a daily reminder of why we are here and what is important.

We are grateful for the support of our families. Thank you for trusting and having confidence in us. You continually work hard and advocate to be a partner in your child's education, safety, and well-being. For this, we will always be thankful.

We are grateful for the D114 staff who care about student success and have the best interests of our students in mind. Every day, we see dedicated and hard-working individuals going above and beyond to make sure that great things happen in our school. They do make a difference and our students benefit from those efforts.

This Thanksgiving, please take some time to appreciate all the blessings in your life. We count you and your children among ours. Thanksgiving Break is November 22-24.

# NEW AND IMPROVED LUNCH PROCEDURES

**CHANGES TO  
THE 5<sup>TH</sup> AND  
6<sup>TH</sup> GRADE  
LUNCH PLAN**

In an effort to give our 5<sup>th</sup> and 6<sup>th</sup> graders more recess time, to use our lunchroom supervisors more efficiently, and to streamline the lunch process, new and improved changes have been made to the 5<sup>th</sup> and 6<sup>th</sup> grade lunch period.

According to Mr. Sefcik, "The plan is working well and the kids have quickly learned the new expectations." Here is the new procedure: When the bell rings to end 4<sup>th</sup> period, the 5<sup>th</sup> graders go either to their locker or drop off their personal items at their lunch table and go directly to recess. At the same time, the 6<sup>th</sup> graders report to the lunch room to eat their lunch. Halfway through the period, the classes switch and the 5<sup>th</sup> grade eats and the 6<sup>th</sup> grade goes to recess.

If you have any questions contact Mr. Sefcik at 847-973-4205  
or [jeff.sefcik@foxlake114.org](mailto:jeff.sefcik@foxlake114.org)

# THANK YOU VETERANS

Stanton students were given the opportunity to thank a Veteran for their service, bravery, and sacrifice for our country by making them a card. The NJHS hosted this wonderful event and students were invited either before school or during lunch to design a card and write a personal message to a Veteran. Pictured below on the left, members of NJHS showcasing some of the heartfelt cards the students made and on the right, two NJHS members volunteering at the table before school.

In Honor of Veteran's Day, school will be closed November 10.  
Take Some Time and Thank a Vet!

## WRESTLING TRYOUTS

11/27 AND 11/30

Wrestling Tryouts are open to all 5<sup>th</sup>-8<sup>th</sup> grade Stanton boys and girls who have a current physical on file. Wrestling is a great opportunity to build strength, condition, and develop mental and physical toughness. Stanton's wrestling program has a long history of success and is excited to continue that tradition this year. There will be an additional tryout for any student currently on the basketball team after the season is over.

The wrestling team is coached by Mr. Bailey, Mr. Carvell, and Mr. Resnick.

Go Foxes!

# FREDDIE ALMAZAN

MOTIVATE. INSPIRE. EMPOWER.

## Coming to Stanton on November 7 An Assembly for 6<sup>th</sup> – 8<sup>th</sup> Grades

Freddie Almazan embodies resilience. At age 13, a gunshot to the head left him paralyzed on the right side of his face and body. But this was just one part of the physical and emotional trauma he endured in life. Refusing to allow his challenges to rule his life, Freddie learned to embrace and grow from them and became a youth advocate teaching them that they too can overcome life's challenges and live a "ridiculously good life". A recent UCLA grad, a photographer, and Twilight enthusiast, Freddie's speeches move young audiences,

giving them valuable tools for overcoming adversity, developing self-esteem, and building resiliency. We are thrilled to have Freddie coming to Stanton to speak with the 6<sup>th</sup> thru 8<sup>th</sup> graders. If you would more information on the assembly please visit [freddiealmazan.com](http://freddiealmazan.com).

October 24, 2023

Dear 5th Grade Parents,

An instructor from Candor Health Education (formerly Robert Crown Center for Health Education) will be visiting Stanton School on Thursday, November 2nd. The topics that will be presented are physical development of males and females with an emphasis on changes that occur at puberty as well as a social and emotional components

Many of you may remember the "Linda" and "Michael" programs from previous years. Those programs have been updated and replaced with the "Puberty 1" program. Boys and girls will be separated for the program, but will learn the same content. The program is delivered using a storytelling approach to increase engagement and retention.

Fifth graders across the area have been learning about puberty from the Candor Center for over 20 years. The students, staff, and parents from surrounding school districts have been impressed with the appropriateness and thorough treatment of the subject in these professional presentations. The Candor Center for Health Education has visited Stanton School since 2016 and we had very positive feedback!

This presentation is free of charge to all Stanton School 5<sup>th</sup> graders! We are asking parents to please fill out the attached form **ONLY** if you would rather your child **NOT** attend the presentation by Monday, October 30th. If you have any concerns, questions or feedback about the program please feel free to call me at 847-973-4221. The program can be previewed and I also have learning targets and standards that are covered by this program available upon request.

Thank you in advance for your support in the continuing education of your child here at Stanton School.

Respectfully,

Kimberly Husko

## PHYSICAL DEVELOPMENT OPT-OUT FORM

I would rather my child, \_\_\_\_\_, **not** attend the presentation on Thursday, November 2nd. I understand my child will be provided meaningful schoolwork in an alternate location of the school.

# PBIS

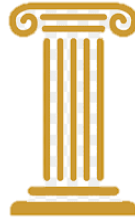

Positive Behavioral Interventions & Supports

Stanton School prides itself on our PBIS Pillars

RESPECT

RESPONSIBILITY

SAFETY

## PBIS Loves to Recognize Good Behavior and to Celebrate!

Each day, staff members award PBIS points to students who exemplify our pillars through the PBIS reward app. Students use their points to purchase items from their teacher's stores or the school-wide PBIS store.

Throughout the year, the PBIS committee plan a variety of exciting events to celebrate good behavior. Students must meet the following criteria to participate in the event:

- No F's in any core subject. Must maintain an average of 1.5 in exploratory classes.
- Must not have more than 5 Office Referrals or 3 detentions. (In-school and out of school suspensions count as 1 detention.)

## PBIS CELEBRATION NOVEMBER 17!

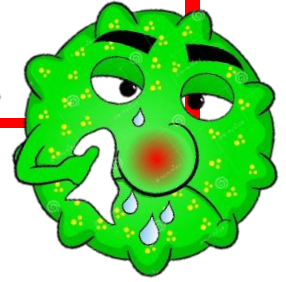

Students must meet the criteria above to participate

Students who meet the above criteria will enjoy a trip to Fox Lake Classic Cinemas to see *Next Goal Wins* on November 17. There is no cost to attend, however, students can purchase popcorn and a drink for \$9.00.

# Reminders from Nurse Lora

KEEPING OUR STUDENTS  
HEALTHY & SAFE

Students should be kept home for 24 hours after the last episode of FEVER (without fever reducing medication like Tylenol, Ibuprofen, Motrin, Advil) VOMITING OR DIARRHEA. If your child has had a fever at any point during the day, they should be kept home the following day even if they are fever free in the morning.

Please help us curtail illness outbreaks by assessing your child's wellness each morning. Due to the contagious nature of many illnesses during the winter months, please consider your child's physical complaints before leaving or sending them to school. If a child is suspect for illness at school they will be sent to the nurse for evaluation. If warranted, a parent/guardian will be contacted to arrange for the student to be picked up. Sick children cannot remain in the classroom and in many cases will not be allowed to ride transportation home. A child cannot successfully participate or focus in school when experiencing illness. **Please consider this before sending your child to school with symptoms.**

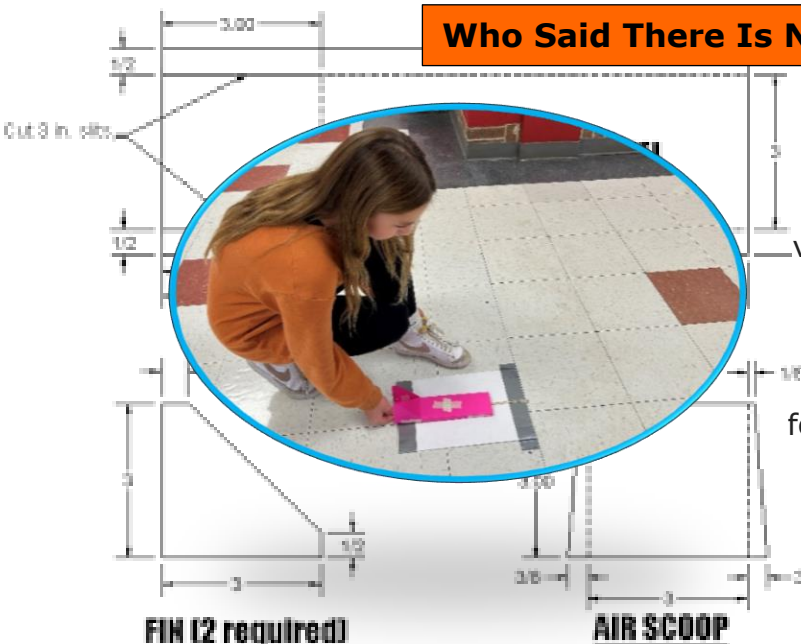

Currently circulating are respiratory illnesses that all present similarly, often WITHOUT A FEVER. A diagnosis **cannot** be made without a doctor's evaluation and appropriate testing for the following: **Influenza, COVID, Pertussis (Whooping cough), RSV, Pneumonia, Common cold, Strep throat and seasonal allergies.** A child with persistent cough or nasal drainage should be kept home until symptoms can be managed. Extreme fatigue and body aches are also an indication to consider keeping your child home.

The school may require a lab result or doctor office letter stating a return to school date if your child is exhibiting symptoms suspect for contagious reportable illness.

We appreciate your cooperation and partnership with this matter.

## Who Said There Is No Such Thing As a Free Lunch?

The 8th grade STEM classes recently finished a unit on Introduction to Design where the kids needed to build a "skimmer" using a given schematic and very precise dimensions. Once the groups built them, each class held a competition to see which group's "skimmer" traveled the farthest down the hall. The winning groups received a free lunch from a local food establishment, courtesy of Mr. Yoder. Pictured: 8<sup>th</sup> Grader, Sophia Carr, preparing to launch her Skimmer.
